

SAP Architect & Full Stack Developer, holding a Master's degree in Business Informatics – Information Systems and Innovation (Panthéon-Sorbonne), with strong experience in ABAP development, SAP UI5, and SAP S/4HANA administration. Versatile in both project management and technical development, I bring value to complex, innovation-driven projects with a focus on security and performance. Curious, autonomous, and adaptable, I am seeking a dynamic environment in France or abroad.

EDUCATION

Master's Degree in Business Informatics, specialization in Information Systems and Innovation Paris 1 Panthéon-Sorbonne University Paris (75013)	2022/09 - 2024/09
